Number Bonds to 10: Parts and Wholes

K Maths 2.10

We are learning

To use five to make number bonds for 6 to 10.

Colour a star when you can do it!

I can see five in a ten frame, to 10.

I can say a number bond as five and a bit, for 6 to 10.

I can find the missing part of a number bond, to 10.

Key words

whole, part, number bond, ten frame, five and a bit

Grown-ups: try this at home

Fill an egg carton or a drawn ten frame with ten small things. Make 6, 7 and 8 in different ways.

Your turn!

K Maths 2.10

Watch the video, then answer these questions.

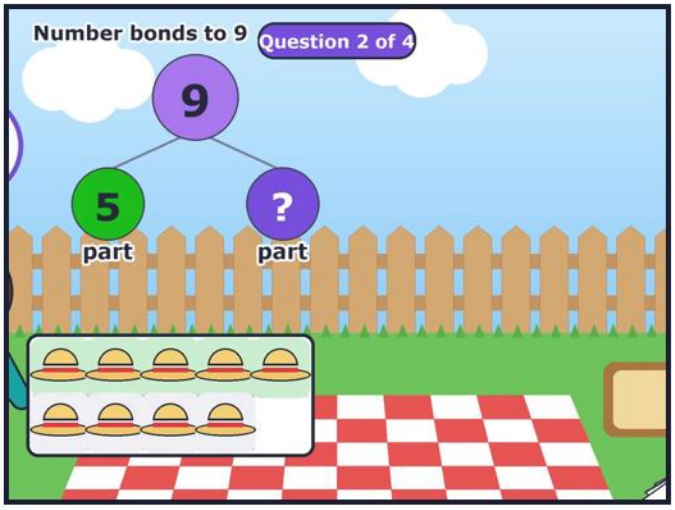

Question 1

The whole is seven. One part is five. What is the other part?

My answer:

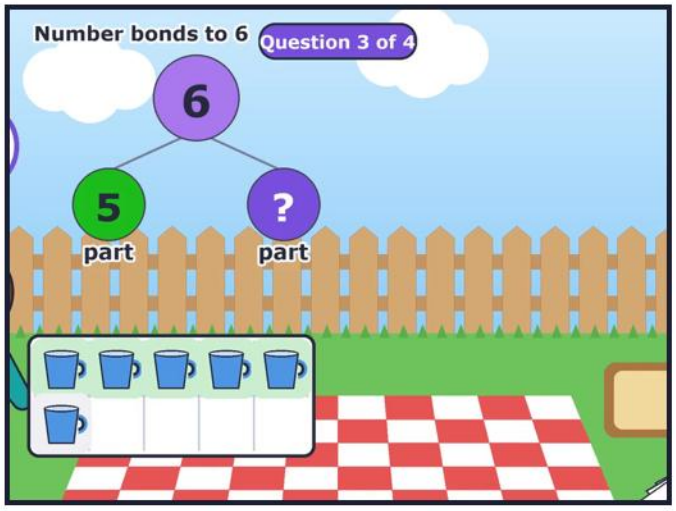

Question 2

The whole is nine. One part is five. What is the other part?

My answer:

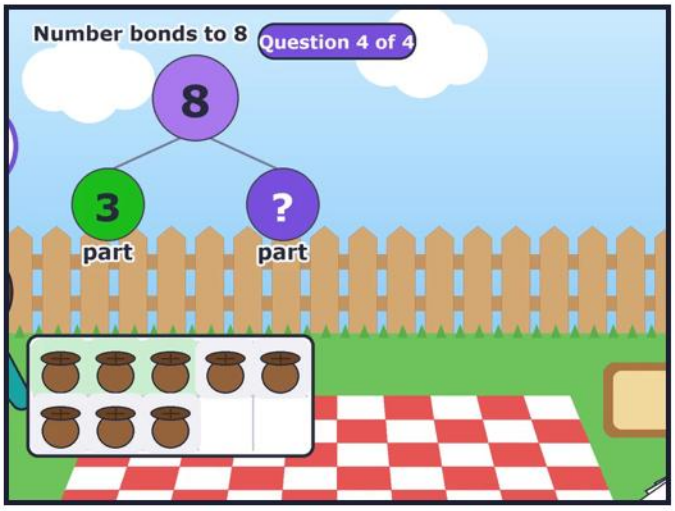

Question 3

The whole is six. One part is five. What is the other part?

My answer:

Question 4

The whole is eight. One part is three. What is the other part?

My answer:

For grown-ups

Answers

1. The other part is two! Five and two make seven.
2. The other part is four! Five and four make nine.
3. The other part is one! Five and one make six.
4. The other part is five! Three and five make eight.

Cut out this ten frame and fill it with small toys, pasta or buttons.
