Kindy Maths with Miss K and Coco

Halves of a Length and Halfway

K Maths 6.7

We are learning

To find half of a length and the halfway point.

Colour a star when you can do it!

I can fold something in half.

I can say halves are the same length.

I can say halfway, more than halfway, or less than halfway.

Key words

half, halves, halfway, more than halfway, less than halfway, fold, ends meet, same length, middle

Grown-ups: try this at home

Fold a piece of string or a ribbon so the ends meet. Is each part the same? Then walk across a room and stop: are you halfway?

Your turn!

K Maths 6.7

Watch the video, then answer these questions.

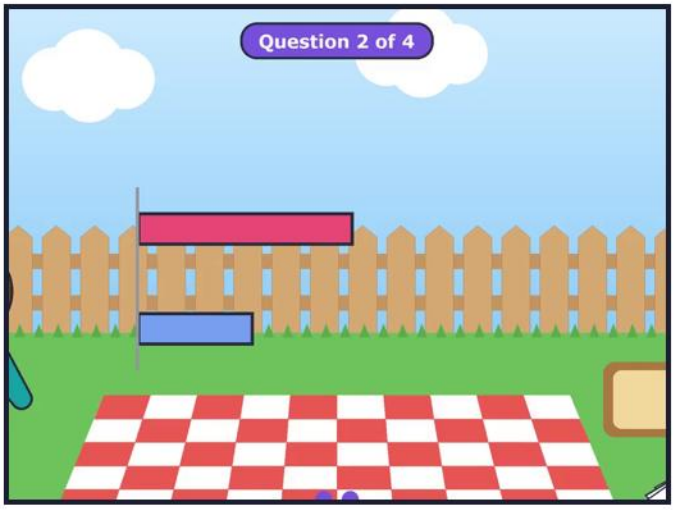

Question 1

Is the car halfway, more than halfway, or less than halfway?

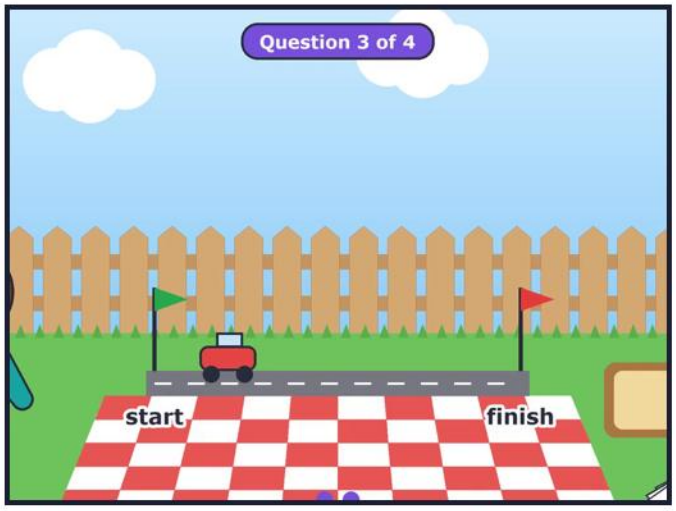

My answer:

Question 2

My answer:

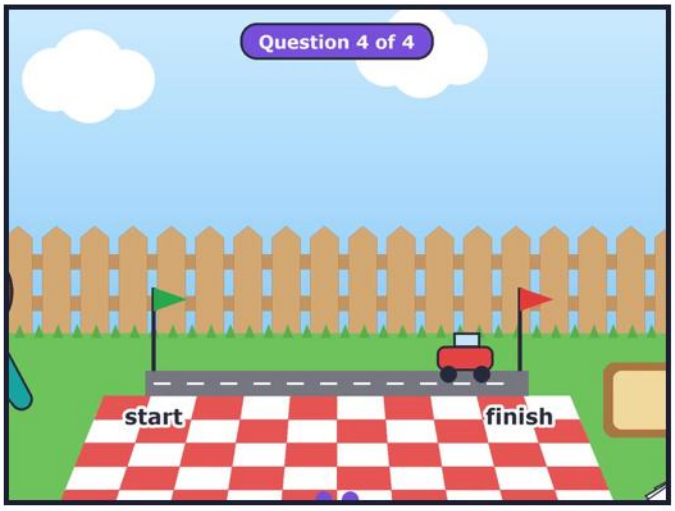

Question 3

Halfway, more than halfway, or less than halfway?

My answer:

Question 4

Halfway, more than halfway, or less than halfway?

My answer:

For grown-ups

Answers

1. It's halfway!
2. No! One part is longer. They are not halves.
3. It's less than halfway!
4. It's more than halfway!

Cut out this ten frame and fill it with small toys, pasta or buttons.
