Year 1 Maths with Miss K and Coco

Odd and Even

Y1 Maths 1.9

We are learning

To tell if a number is odd or even.

Colour a star when you can do it!

 **I can make pairs in two rows.**

 **I can say if a number is odd or even.**

 **I can check the ones digit.**

Key words

odd, even, pair, partner, left over, ones digit

Grown-ups: try this at home

Pair up socks, shoes or pegs. Ask: does every one have a partner? Is the number odd or even?

Year 1 Maths with Miss K and Coco

Your turn!

Y1 Maths 1.9

Watch the video, then answer these questions.

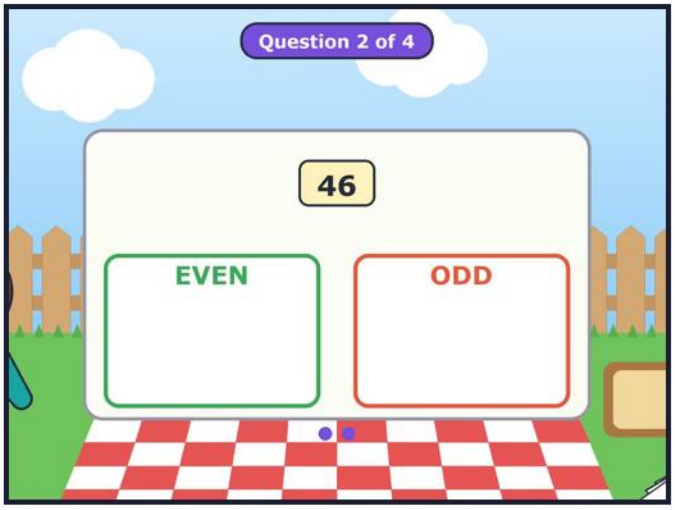
Eleven apples. Odd or even?

My answer:

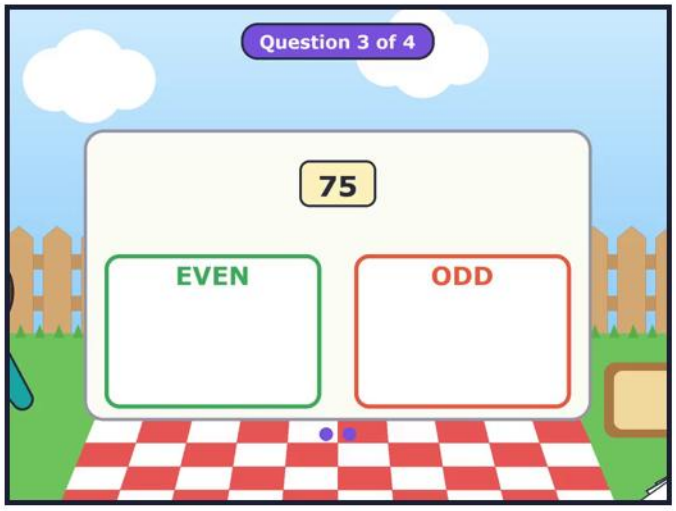
Question 2



Odd or even? Look at the ones digit!

My answer:

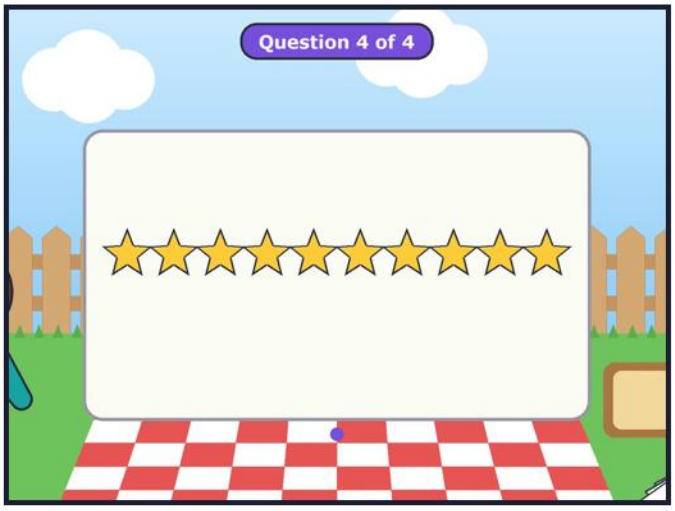
Question 3



Odd or even? Look at the ones digit!

My answer:

Question 4



Ten stars. Odd or even?

My answer:

For grown-ups

Answers

1. One apple is left over, with no partner. Eleven is odd!

2. Forty-six ends in six. Even!

3. Seventy-five ends in five. Odd!

4. Every star has a partner. Ten is even!

Fill in the missing numbers on the hundreds chart.
